Make an impact at a global and dynamic investment organization

When you invest your career in CPP Investment Board (CPPIB), you join one of the most respected and fastest growing institutional investors in the world. With current assets under management valued in excess of $300 billion, and projected to exceed half a trillion by 2030, CPPIB is a professional investment management organization that globally invests the funds of the Canada Pension Plan to ensure long-term sustainability. CPPIB invests in all major asset classes, including public equity, private equity, real estate, infrastructure and fixed-income instruments, and is headquartered in Toronto with offices in Hong Kong, London, Luxembourg, Mumbai, New York City, São Paulo and Sydney.

CPPIB attracts and selects high-calibre individuals from top-tier institutions around the globe. Join our team and look forward to:

- Diverse and inspiring colleagues and approachable leaders
- Stimulating work in a fast-paced, intellectually challenging environment
- Accelerated exposure and responsibility
- Global career development opportunities
- Being motivated every day by CPPIB’s important social purpose and unshakable principles
- A deeply rooted culture of Integrity, Partnership and High Performance

If you share a passion for performance, value a collegial and collaborative culture, and approach everything with the highest integrity, here’s an opportunity for you to invest your career at CPPIB.

Information Technology provides innovative solutions for the investment and core services functions across CPPIB. The combination of leading edge design and development with sophisticated delivery and operational practices ensures the IT team will meet the technology needs of CPPIB’s global workforce to enable CPPIB’s long term investment mandate.

CPPIB is seeking Technologists to participate in our rotational full time program. Successful candidates are exceptional problem solvers, enthusiastic and driven to learn. You are given the opportunity to apply the skills developed in the classroom to solve complex business problems.

As a technologist, you will rotate within three of our development teams. There will be opportunities to collaborate with experienced professionals in both the business and technology groups to gain invaluable insight and industry knowledge.

Responsibilities

- Collaborate with business and technology teams to ensure deliverables are clear
- Design and develop new and existing applications using one or more of Java, Python, JavaScript, AngularJS, MSSQL, Oracle, kdb, HDF5, C++
• Estimate work effort, identify risks and provide feedback on the feasibility to deliver by target dates
• Promote development tools and Agile best practices through active team participation, knowledge sharing sessions and maintenance of documentation on team wiki
• Ensure sufficient test coverage to guard against breaking existing functionality

What does it take to join our team?

You are eligible to apply if you are in an undergraduate program and expecting to graduate in 2018. We look for candidates that have displayed academic success while balancing extracurricular activities, a strong skill-set in program development, valuations and analytics, as well as good communication, interpersonal and relationship building skills.

If you have an interest in working with talented professionals in the financial industry in an environment of integrity, partnership and high performance then you should consider a career in Information Technology at CPP Investment Board.

To apply, please include a cover letter, resume, and transcripts (full unofficial version) via our career site [http://www.cppib.com/en/careers/] by February 13, 2018 at 11:59pm EST.

Visit our LinkedIn Career Page or Follow us on LinkedIn.

At CPP Investment Board, we are committed to diversity and equitable access to employment opportunities based on ability. If you require an accommodation for the recruitment/interview process, please let us know and we will work with you to meet your needs.

We thank all applicants for their interest but will only contact candidates selected to advance in the hiring process.

Disclaimer:
CPP Investment Board does not accept resumes from employment placement agencies, head-hunters or recruitment suppliers that are not in a formal contractual arrangement with us. Our recruitment supplier arrangements are restricted to specific hiring needs and do not include this or other web-site job postings. Any resume or other information received from a supplier not approved by CPP Investment Board to provide resumes to this posting or web-site will be considered unsolicited and will not be considered. CPP Investment Board will not pay any referral, placement or other fee for the supply of such unsolicited resumes or information.
