- Experience with DCC frameworks is a plus.
- Experience in Maya, Mari, Vray, Houdini or Nuke software is a plus.

Desirable Qualifications

- Degree in a related VFX, Visual Arts, Animation, Computer Science program
- Basic knowledge of the visual effects process/industry
- Working knowledge of feature film and/or commercials production
- Artist or TD interns should have knowledge and experience with the relevant software applications used at Digital Domain (Nuke, Maya, Houdini, Mari, Vray, Photoshop, etc.)
- Knowledge/experience in Python scripting is required for TD interns.
- Python and MEL scripting is a plus for artist interns.
- Strong communication and organizational skills
- Eagerness to learn, takes directions well and a positive attitude.

Eligibility Requirements

- Current college student or recent graduate
- Interns must be at least 18 years of age.
- Interns may not work or participate in an internship program at a competing facility during the term of their internship with Digital Domain.
- Interns must submit a reel and breakdown with a resume.
- Interns may not be supervised by a relative in the same department.
- Interns must be available a minimum 40 hours per week during their internship.
- Out of town interns must submit written confirmation that they have secured their own housing.
- Digital Domain is not responsible for arranging or paying for living arrangements or travel.

Working Conditions and Environment/Physical Demands

- Office working environment.
- Hours for this position are based on normal working hours but will require extra hours pending production needs.
- Walking/bending/sitting.

The above statements are intended to describe the general nature and level of the work being performed by people assigned to this work. This is not an exhaustive list of all duties and responsibilities associated with it.
